

Vernal Pool Flora and Habitat Restoration
Wetlands Training Institute
April 22 and 23, 2008

PRELIMINARY ITINERARY

Each day will begin at 8:00 a.m. at HELIX Environmental. 7578 El Cajon Blvd., La Mesa. We will break around midday for lunch and hopefully be done by 5:00 p.m.

We will meet in the classroom on the first morning for an introduction to vernal pool species and habitat restoration. The remainder of the two day class will be spent visiting various vernal pool restoration projects.
